

IPVC 2023

35TH INTERNATIONAL PAPILLOMAVIRUS CONFERENCE

Coming Together for HPV Elimination

MARCH 27-31, 2023 | KYOTO, JAPAN

IPVC 2023 will gather researchers, clinicians and other health professionals to share knowledge and ideas on papillomaviruses and their associated diseases, from basic science to global health impact. The overarching Conference theme is "Translation of research, new discoveries and education into clinical practice and public health to eliminate HPV and related diseases globally".

Key Dates:

Session Proposals Deadline: 20 June 2022

Abstract Submission Deadline: 7 September 2022

Early Registration Deadline: 17 January 2023

IPVC 2023

MARCH 27-31, 2023 | KYOTO, JAPAN

35TH INTERNATIONAL PAPILLOMAVIRUS CONFERENCE

Conference topics will include:

- Expanding scientific knowledge to benefit the whole community
- Prevention of HPV infection and their associated diseases and cancers especially cervical cancer
- The epidemiology and molecular biology of PVs
- Animal models for the study of papillomavirus disease
- Basic immunology and pathogenesis of PVs
- Therapeutic and prophylactic vaccines
- Changes in screening and HPV vaccination in Japan

We are very excited to organize this conference in Japan as it moves forward to reintroducing HPV vaccination and considers a change from cytology to HPV cervical screening.

We look forward to seeing you in Kyoto!
